Tenho que estudar para prova, logo baseado gere resumos para estudar

✦ I will generate summaries of the provided PDFs to help you study for your exam. I will cover the following topics: Refactoring, Refactoring to Patterns, Frameworks, and Exception Handling.

Here's an outline of the summaries I will provide:

- **Refactoring:**
  - Definition and Purpose
  - Benefits
  - Problematic Alternatives to Software Design
  - The Refactoring Way (Evolutionary Design)
  - Examples of Basic Refactorings (Rename, Move Class)
  - Example: Extract Method
  - Example: Replace Conditional with Polymorphism
- **Refactoring to Patterns:**
  - Relationship between Refactoring and Design Patterns
